PROFILE

CMRP & PMP-certified Maintenance & Commissioning Engineer with expertise in espresso machines, grinders, brewers, and coffee roasters. Skilled in preventive, predictive, and corrective maintenance, commissioning of complex equipment, and reliability optimization. Proven track record in reducing downtime, improving operational efficiency, and leading cross-functional teams.

PROFESSIONAL EXPERIENCE

Maintenance & Commissioning Engineer – (CMRP Certified)
07/2024 – Present
Camel Step
Riyadh

Responsibilities:

- Reduced equipment downtime by 25% through implementing a proactive preventive maintenance program for espresso machines, grinders, brewers, and roasters.
- Successfully commissioned 5+ new coffee roasters, overseeing setup, calibration, and operator training, resulting in faster production readiness.
- Led troubleshooting efforts that resolved complex mechanical and electrical issues, cutting service response times by 30%.
- Optimized spare parts inventory, reducing procurement delays and lowering maintenance costs by 15%.
- Delivered technical training to 10+ technicians and baristas, improving first-line troubleshooting efficiency and reducing external service calls.
- Enhanced equipment reliability by conducting root cause analysis on recurring failures and recommending targeted upgrades.

Electrical Engineer | Site engineer
08/2021 – 07/2024
Sadu Najd Engineering Consultancy Company
Riyadh

Responsibilities :

- Directed electrical works for multiple high-value projects, ensuring on-time delivery and reducing project delays by 15%.
- Improved project documentation accuracy by standardizing shop drawing reviews, cutting revision cycles by 20%.
- Facilitated cross-department coordination (MEP), resolving 90% of design conflicts before implementation.
- Mentored junior engineers and site teams, improving productivity and reducing on-site errors.

CERTIFICATES

Project Management Professional (PMP)
Project Management Institute (PMI)

Certified Maintenance & Reliability Professional (CMRP)
The Society for Maintenance & Reliability Professionals (SMRP)

EDUCATION

Bachelor of Science in Electrical Engineer
2017 – 2021
Taif University
GPA 3.77 out of 4, First honors.
